

Music is the core.

Everything else is the frame around it — light, sparkle, and detail that elevate the night into pure celebration.

Lighting Design

Fairy lights. Chandeliers.
Atmosphere that breathes with the music.

DJ Services

Tailored playlists. Seamless flow. An international dance floor alive until dawn.

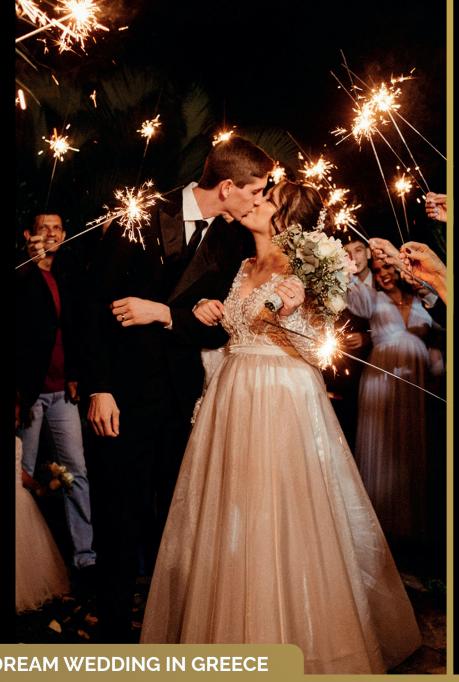

Special Effects

A first dance on clouds. Fireworks in the sky. Confetti showers of joy.

From Mykonos to Santorini, from Crete to Paros — I have had the honor of playing for couples from every corner of the world. Each wedding is a new story, written on the dance floor.

"Our guests never left the dance floor. It was the best party of our lives." - Amy & Nic, Australia
