VILLA ALTASERRA

IL RESORT

Villa la Selva, originally an estate of the Florentine Medici family since the early 1400s, rises on the ruins of an ancient fortified guard tower, defending the entrance to the thriving Valle dell'Ambrata, between Siena, Arezzo and Florence. Today, the estate has been completely restored, and in addition to its wine production, is a charming wine resort, ideal for weddings and events. The ancient houses, surrounded by vineyards, provide the chance to spend a unique holiday in the heart of the most authentic Tuscany. Our intent is that of sharing the beauty and the quality of life of this unique place with the world.
